

Tech Equity Programs & Digital Resources

LEARN TO OWN LAPTOP

Free laptop to own

City Colleges of Chicago is committed to supporting students throughout their education and beyond, and knows that success in today's world requires having access to technology and digital resources.

Through its Learn to Own Laptop Program, credit students who enroll at City Colleges of Chicago for both the fall and spring semesters can earn a laptop to own, completely free of charge.

If you are interested in being considered for the Learn to Own Laptop Program this fall, follow these steps:

1. Enroll as a credit student at City Colleges of Chicago
2. Complete the **Loaner Laptop Request Form*** available on your student portal (my.ccc.edu)
3. Select **YES** for the Learn to Own Laptop program

All programs are available to students who enroll in the Fall 2022 semester.

CHICAGO CONNECTED

Free internet service for a year

Chicago Connected began as an initiative undertaken by the City of Chicago and Chicago Public Schools to provide free, high-speed internet service to students and their families throughout the city. Chicago Connected eliminates a barrier to digital learning that disproportionately hurts the city's low income families and students of color.

City Colleges of Chicago now serves as an integral partner in this endeavor, offering

free, high-quality internet service to all qualifying CCC students who enroll in classes during the Fall 2022 semester.

If you are already enrolled in Chicago Connected, or if you plan to enroll in City Colleges of Chicago in the fall, you may be eligible to receive free internet service through the Chicago Connected Program.

To apply for new service or extend your current Chicago Connected service, visit:

ccc.edu/ChicagoConnected

Supplies and funds are limited for all Tech Equity programs, and are distributed on a firstcome, first-served basis. Don't wait, apply today!
