Harry S Truman College is a community where we celebrate every voice as a powerful one. Our campus in Uptown is a welcoming, inclusive, supportive, and empowering place where we all make an impact together.

Truman College has a Center of Excellence in Education, as well as in Human and Natural Sciences. In addition to a variety of teaching programs (such as Early Childhood Education), we offer unique learning opportunities in Barbering and Cosmetology (including a student-run salon), Human Development and Family Services, Automotive Technology, and much more.

You can save thousands of dollars by earning your associate degree at Truman then transferring to a four-year university, or you can quickly get to work with one of our certificate programs. You can also enroll in non-credit continuing education courses, or take classes to learn English or earn a high school diploma.
