

City Colleges of Chicago Student Emergency Fund

Part of the Thrive Initiative

An unexpected expense or financial emergency can derail the progress you are making toward your associate degree. You can apply to get help with rent, utilities, transportation, and other non-academic, unexpected expenses.

You may be eligible if you:

- Are a credit student enrolled in the current semester
- Are over 18 years old
- Have experienced a recent unexpected hardship
- Are willing to participate in a Wellness Center case management appointment to discuss the hardship and get referred to additional programs and supports.

Emergency Fund support cannot be applied to tuition, bills over \$1500, routine bills unrelated to a recent hardship or emergency, etc.
